

Section 1 Introduction

Introduction

We would like to take this opportunity to thank you for purchasing a **Mold-Masters** hot runner. The purpose of this manual is to assist users in the integration, operation and maintenance of **Mold-Masters** systems.

This manual is designed to cover most system configurations. For additional information, please contact your representative or a **Mold-Masters** office.

The responsibility for the safety of personnel remains exclusively with the employer. It is the obligation of the employer to properly train and instruct its personnel in the safe operation of equipment including maintenance and the purpose and proper use of all the safety devices. In addition, the employer must provide its personnel with all necessary protective clothing, including such items as a face shield and heat resistant gloves. Any instructional material provided by **Mold-Masters for the operation and maintenance of equipment, does not in any way absolve the employer from fulfilling these obligations and **Mold-Masters** disclaims liability for injury to personnel using equipment supplied.**

Warranty and Documentation

Please check with your original system documentation for warranty details.

Important: Please do not return any parts to **Mold-Masters** without prior pre-authorization and a return authorization number supplied by **Mold-Masters** Limited.

Documentation will include one or all of the following:

- Parts list contains all system components. Together with the general assembly drawing, the parts list should be referenced when ordering spare parts.
- General assembly drawing used to integrate your hot runner system into mold.
- Hot half drawing used to integrate hot half to cavity plate.

When ordering this manual, please reference document number: **MMHRUM**.
